SUMMARY

Passionate game developer skilled in C#, Unity, game design principles, and UI/UX design, with experience from personal and academic projects. Focused on creating engaging, visually polished, and intuitive player experiences. Quick learner with a strong drive to build immersive games.

SKILLS

- Unity C#
- Game Design
- 3D Animation(Blender, Maya, Unity)
- 3D Modeling
- UI/UX Designer
- MongoDB
- MERN Stack
- React JS
- Node JS
- Figma
- Unreal Engine

PROJECTS

Fight to death

Game Project using unity

- A thrilling arena combat game where criminals battle one-on-one for redemption and a second chance at life.

Quick Save

VR-Based Disaster Rescue & Preparedness Simulator

- Developed an immersive VR simulator in Unity to train users in disaster rescue and emergency preparedness through interactive scenarios.

VR Dungeon / AR iPhone

Unity VR & AR Experience

- Built a dual VR dungeon exploration and AR visualization experience using Unity and Blender with interactive gameplay and realistic environments.

Zomato Clone

Website using MERN stack

- Developed a full-stack food delivery web app using MongoDB, Express, React, and Node.js with features like user authentication, restaurant listings, and order management.

Home Maker

website using MERN stack

- A user-friendly platform empowering homemakers to sell handmade products like food, clothing, and jewelry, with seamless delivery options through local gig services.

EXPERIENCE

Full Stack Developer — Icebergtech Private Limited

Feb 2026 - July 2026

- Building and maintaining full-stack web applications using the MERN stack (MYSQL, Express, React, and Node.js).
- Developing responsive, user-friendly front-end interfaces and RESTful APIs to support core product features.
- Collaborating with the team on feature design, code reviews, and deployment to deliver reliable, scalable solutions.

INTERNSHIP

EY Global Delivery Services & AICTE

Building Modern Web Application with MERN Stack

- Developed a full-stack food delivery web app using MongoDB, Express, React, and Node.js with features like user authentication, restaurant listings, and order management.

Sakthi Auto Component Limited

3D Animation & Multimedia Intern | 17 April 2025 – 30 May 2025

- Created customised 3D models and animated process videos with realistic movements and gestures, integrating professional voice-over narration and post-production for the company’s internal learning portal.

EDUCATION

Bachelor of Computer Science and Design
Rajalakshmi Engineering College
2023 - 2026

Diploma in Electrical and Electronics Engineering
Central Polytechnic College
2019 - 2022

Government Boys Higher Secondary School
2014 - 2019

CERTIFICATES

- Node.js Essiential Training (Linkedin learning)
- Using MongoDB with Node.js (Linkedin learning)
- Java: Data Structures (Linkedin learning)
- Maya: Advance Texturing (Linkedin learning)
- Introduction to c# with Untiy (Linkedin learning)
- Building Mordern Web Application with MERN Stack (AICTE)
- Immersive Experience in Augmented/Virtual Reality (TANSAM)
- Usability Enginnering (NPTEL)
